

30 metre setback (red) from top of bank for tributary assumed for this site which needs to be confirmed by QEP on eastern side.

15 metre setback in green if no access for fish then classification = food and nutrient status

Kanaka Creek and MV Park lands with 30 metres + setback area due to high sensitivity

The City of Maple Ridge makes no guarantee regarding the accuracy or present status of the information shown on this map.

Scale: 1:1,500

**Legend** Slope (2014 LiDAR)

	Stream	<b>&lt;VALUE&gt;</b>
	Indefinite Creek	 0 - 14
	Marsh	 15 - 25
	Encumbrance Edge	 26 - 30
		 30+
